Anushma Radhakrishnan

MERN Stack Developer

anushma2015@gmail.com | +91 7736661897 | linkedin.com/in/anushmaradhakrishnan | github.com/anushmashaiju

SUMMARY

Entry-level MERN Stack Developer with hands-on experience building scalable web applications using React, Node.js, Express, and MongoDB. Skilled in designing responsive front-end interfaces, developing secure REST APIs, and managing state with Redux. Eager to contribute strong problem-solving, adaptability, and collaboration skills to a dynamic development team.

WORK EXPERIENCE

Junior Developer
Learnbuds
June 2024 – November 2024

- Developed responsive UI features in React and optimized backend APIs in Node.js, improving application performance and user experience.
- Collaborated with senior developers and clients to design, implement, and deliver high-quality solutions, participating in code reviews to enhance code quality and project efficiency.

PROJECTS

Nuvia Fashion – Women's E-commerce Platform | Node.js, Express, MongoDB, EJS, AWS EC2, Nginx

- Developed and deployed a complete full-stack women's e-commerce web application with user and admin functionalities.
- Implemented secure user authentication, product listing, cart management, and order processing.
- Built an admin dashboard to manage products, users, and orders efficiently.
- Integrated MongoDB Atlas for scalable cloud database management.
- Deployed the application on AWS EC2 with Nginx reverse proxy and configured a custom domain.
- Managed full production setup including server configuration, debugging, and performance optimization.
- Live Website: https://nuviafashion.store/
- GitHub Repo: https://github.com/anushmashaiju/NuviaFashion.git

School Management System | MERN Stack, Redux, JWT

- Developed a role-based access control system with separate logins for Admin, Staff, and Librarian.
- Built modules to manage student data, fee history, and library resources with a responsive admin dashboard.
- Implemented secure authentication/authorization with JWT & Mongoose.
- GitHub Repo: https://github.com/anushmashaiju/SchoolManagementSystem-Anushma.git

Matrimony App | MERN Stack, Redux, JWT, Passport.js, Cloudinary, Twilio

- Designed a partner recommendation algorithm and integrated payment gateways for premium users.
- Implemented SMS notifications with Twilio and image management using Cloudinary.
- Built secure authentication and role-based features for users.

- GitHub Repo: https://github.com/Akashtb/buddysPair.git

Court Booking System | MERN Stack, Redux, JWT

- Built user authentication with JWT and an admin dashboard to manage courts, bookings, and users. Used MongoDB & Redux for state management and data handling.
- Designed responsive UI with Bootstrap and CSS.
- Live Demo: https://courtbooking-fe-app.onrender.com
  Frontend Repo: https://github.com/anushmashaiju/CourtbookingFE.git
  Backend Repo: https://github.com/anushmashaiju/CourtbookingBE.git

Local Connect (Social Media App) | MERN Stack, JWT

- Implemented CRUD operations for posts & events with secure authentication via AuthContext.
- Integrated local event discovery features and notifications for better engagement.
- Live Demo: https://localconnectfe.onrender.com
  Frontend Repo : https://github.com/anushmashaiju/localfe.git
  Backend Repo: https://github.com/anushmashaiju/localbe.git

Netflix Clone | React, Node.js, TMDb API

- Built a Netflix-like interface with custom CSS and responsive design.
- Integrated TMDb API with Axios to fetch and display movies & genres dynamically.
- Live Demo: https://netflixcloneapplication.onrender.com
  GitHub Repo: https://github.com/anushmashaiju/netflixapp.git

SKILLS

- **Frontend:** HTML, CSS, JavaScript (ES6+), React, Redux, Bootstrap, JSX, Router
- **Backend:** Node.js, Express.js, REST APIs, Authentication (JWT, Passport.js)
- **Database:** MongoDB, Mongoose
- **Tools & Version Control:** Git, GitHub, Postman
- **Soft Skills:** Communication, Problem-solving, Adaptability, Collaboration, Proactive Learning

CERTIFICATION

Full Stack Web Development- *EntriElevate*
March 2023 - March 2024

- Completed training in full stack development, gaining expertise in HTML, CSS, JavaScript, Node.js, React, and MongoDB.
- Achieved certifications from ***NSDC Skill Development India*** and ***Illinois Certification*** demonstrating ability to design, build, and deploy web applications through practical projects and assessments.

EDUCATION

BTech Civil Engineering
KMCT College of Engineering for women
Calicut University
